CONDITION OF THE MARKETS

Wheat Fluctuates Often and Closes One Cent Lower Than on Monday.

Corn Opens Weak, but Later in the Day Leading Futures Make a Fair Showing-Oats Easter-Provisions Weak and Lower.

MONEY, BONDS AND STOCKS.

An Increase of Activity at New York, Accompanied by Higher Prices. NEW YORK, July 10.—Money on call was easy at 1@14 per cent.

Prime mercantile paper, 31 @6 per cent. Sterling exchange was dull, but steady, with actual business at \$4.87 for 60-day bills and

\$1.884 for demand. The total sales of stocks to-day were 225,111 shares, including the following: Delaware, Lackawanna & Western, 10,724; Erie, 7,200; Lake Shore, 4,725; Louisville & Nashville, 3,500; Missouri Pacific, 11,260; Northwestern, 6,775; Northern Pacific preferred, 14,550; Oregon Transcontinental, 3,200; Reading, 28,870; St.

Paul, 49,865; Texas Pacific, 4,550, Union Pacific, 17,300; Western Union, 17,445. The stock market to-day was not only more

active, but broadened out considerably, and was firm to strong almost throughout the entire day. The belief that the Trunk-line difficulty would not be of long duration made considerable progress yesterday, and the general feeling this morning was favorable to an improvement in quotations, and the market at the opening was strong and more active than usual of late, the traders being buyers, as were also the foreigners to a limited extent, while commission houses had some outside orders to buy. The result was a marked strong tone to the speculation, and prices made good progress toward higher figures. A rumor was circulated that the cable war had been settled, which brought in many buyers for Western Union, and that stock immediately took the lead in the upward movement on a large business. The story was afterward deried officially, which had the effect of restricting the trading in Western Union during the afternoon, but had no apparent influence upon the general bullish sentiment. Further positive denials of the recent report of the illness of Mr. Gould also tended to stimulate the buying for the "long" account, and after the issue of the government crop report the activity in the market again underwent a marked increase, though the greatest attention was transferred to the grangers, and St. Paul became the special feature of the day. Round amounts of the stock changed hands, and the Chicago party were buying the stock, which induced many of the traders to switch over to the "bulls" side, and the advance was terminated only with the slose of business. Several of the specialties sharp gains, among them Chicago, Louis & Pittsburg preferred and St. Louis, Arkansas & Texas. The opening sales were made at advances over last might's prices extending to } per cent, and Western Union soon took the lead. There was some reaction toward noon, accompanied by a reduction in the amount of business done, but St. Paul same to the front, and the advance was resumed and continued until after 1 o'clock, when a halt was called, though no reaction took place. Again the upward movement was resumed toward 2 o'clock, and a more general advance continued until the close, which was active and strong at the highest prices of the day. The active list is, without exception, materially higher this evening, and Manhattan is up 2½; St. Paul, 2; Rock Island, 2½; St. Paul pre-ferred, 1½; Northwestern, 1½; Burlington & Quincy, Louisville & Nashville, Missouri Pa-cific, Northern Pacific preferred, San Francisco preferred and Western Union, 14 each; Reading, New England and Lake Shore, 1 each. The railroad bond list was again moderately

active, with sales of \$1,482,000. Texas Pacific seconds furnished \$298,000. The market was firm to strong throughout the day, and the final changes are almost all in the direction of higher figures, though generally confined to fractions. Denver & Rio Grande Western firsts rose 31, to 75; Milwaukee, Lake Shore & Western convertibles, 21, to 92; Richmond & Danville consolidated fives, 2t. to 97, and Iron Mountain fives, 3, to 87. Government bonds were dull and steady.

State bonds were act	ive but steady. Closin

Butter quiet; generally firm; Western, 13@ 20c. Cheese firm; fair demand; Ohio flat, 728tc.

CHICAGO, July 10.—As anticipated, the government figures showed that improvement in both the winter and spring wheat crop continues, and was bearish in its effects. The influence of the report was largely discounted be-forehand by the decline yesterday and by a further early decline this morning of \$200 before the figures were telegraphed by the sta-tistican. When it was made known, therefore, that the winter wheat condition was improved 23 per cent., from 73.3 to 75.6, and the spring wheat improved 3.1, from 92.8 to 95.9, there was a further break of only ic, and a portion of this loss was regained in a short time. The total wheat crop, based on the present conditions, will be about 427,000,000 bushels. The result of the day's business at this point was a decline of le from the price last night. August opened at 80%c, sold at 80%c early, reacted slightly, and on the government figures went to 791 280c, the bottom point, reacted to 80% and closed at 80%. September opened at 80%, sold down to 80c, up to 80%, down to 80c again, up to 80tc, and closed at 80tc. Corn started weak with wheat this morning, but leading futures held up fairly well later in the day. The crop figures showed an improvement of about 4 per cent for the month of June, and this had a weakening effect, principally on the deferred futures, causing them to close nearly le under last night, while August closed to lower. July closed at 48 c. August sold at 49 c. down to 48 cearly, then reacted above the opening figures, and on the latter decline closed at 49tc. September opened at 49tc, sold down to 49tc, reacted with August and closed at 49tc, or ic lower than yesterday. There was an easing off in the prices of July oats, and sales were made at 32 jc early; the close was at 31 jc, or 1c under last night. August sold at 26 jc early, and closed at 26 jc. Not much life was manifested in the market for hog products, and the ng was weak. Unerings on speculative ac count were fair and the demand rather light, with trading chiefly in August and September deliveries. Prices ruled lower on all the leading articles, and the market closed quiet. Pork and short ribs declined 24 05c, and lard .05 0.07 tc. The leading futures ranged as follows:

0	pening.	Highest.	Lowest.	Closing.

Market quiet and steady.

Sheep-Receipts, 3,650; shipments, 3,100. Market steady and firm. Lambs in fair demand at \$426.25. Hogs-Market strong; common and light, \$4.50@ 5.80; packing and butchers', \$5.60@6. Receipts,

890; shipments, 230. INDIANAPOLIS MARKETS. Pleasant Weather Improves Trade, Prices Steadier in Tone.

INDIANAPOLIS, July 10. The cooler and more pleasant weather percept ibly improved trade, to-day, and prices all along the line were steadier in tone. Coffees, however, were weak at the reduced quotations of Monday, and the bears evidently have got a good grip on the market. Retail merchants, of course, with the market in its present condition. buy only to meet immediate requirements. Sugars are in strong position, and the question with the wholesale men is how to keep their supply up to the demand. Other groceries rule steady. Canned goods are weaker in price, so favorable are the prospects for an immense supply of all descriptions of fruit. The produce markets are active. Fruits of all kinds which are to be had at this season of the year are in good supply and selling at prices which leave but little room for complaint. Eggs hardly as firm as last week, while poultry is strong at the advanced quotation of Monday. In domestic dried fruits, foreign fruits, oranges and lemons excepted, there is but little trading. The lemon market is very firm and oranges are scarce, but oranges are not used at this season of the year in quantities like lemons, consequently high prices are not so much noticed. Provisions are moving rather sluggishly, but prices rule firm on some descriptions. The wool market shows a little more activity, and there is a tendency to better prices, although no important purchases have been made by Eastern houses as yet in the West. The seed market, as usual in July, is rather quiet. Other markets present no new features.

The local market is in better tone than at any time for some weeks past. Prices rule firm on most grades of cereals of all descriptions, and the

bidding on 'Change indicates a brisk d track bids to-day ruled as follows:	emand.
